

## Sublimity Fire District Safety Committee Minutes January 2008

**Call to order:** Chief Frost called the meeting to order at 12:15 p.m.

**Members present:** Angela Hargin, Amy Doran

**Members absent:** Tim Gardner

**Additions/Deletions to Agenda:** None

**Reading of Minutes:** The minutes from October 29, 2007, were approved.

**Old Business:** The committee discussed the fact that Geoff McFarland resigned. Because Angela was the vice-president, she is now the president. The committee needs to find a new member, but there is little interest among the department. Geoff was originally the intern representative on the committee, so the members decided to ask Intern Hayley Jubie to join.

Amy and Angela reminded Chief Frost about the random parking lot curbs and the curbs in front of the station. They, along with other members of the department, feel that the curbs create an unnecessary hazard. Chief Frost said he would take care of the curbs.

There was discussion regarding the mezzanine issue at Station 52 raised by the OSHA inspector. Everything stored up there either needs to get moved to the edge so that, in reaching the items, no one sets foot upon the mezzanine – OR – Handrails and a maximum weight limit sign must be put up there – OR – All items must be removed from the mezzanine and nothing is allowed to be stored there. Mike Patrick was supposed to take care of the issue, but no action has been taken. The committee is concerned about this obvious OSHA violation.

**New Business:** Committee members were sent back with the responsibility of figuring out all of Geoff's projects and duties and divvying them up between current members.

**Adjourn:** Meeting adjourned at 1:20 p.m.

**Next meeting:** TBA
