

Sublimity Fire District Safety Committee Minutes February 27, 2008

Call to order: Angela Hargin called the meeting to order at 1:00 p.m.

Members present: Angela Hargin, Amy Doran, Hayley Jubie

Members absent: Tim Gardner

Additions/Deletions to Agenda: Amy wanted to add discussion on new member orientation and reviewing hazards

Reading of Minutes: The minutes from January 2008 were approved.

Old Business: Some of the curbs have been removed from the parking lot, but not all of them. The curbs that were moved are now being used to protect the storage unit. The committee will talk to Chief Frost about the removal of the remaining curbs. They create an unnecessary risk for no real benefit.

The committee discussed Geoff's old projects. He was creating a "Safety Board" next to the training room for the posting of important safety information. Amy will take over this project. Angela will take over the responsibility of making sure members wash their turnouts when required. Hayley will take over the job of monthly extinguisher inspections.

New Business: The committee discussed the need to orient new members on safety hazards. Amy asked about the possibility of a written test reviewing the hazards. Angela said it was a requirement.

Amy nominated Hayley for the position of vice-president. Angela seconded. Vote unanimous. Hayley Jubie is now the safety committee vice-president.

Chief Frost visited Station 52. He told Amy that the issue with the mezzanine had finally been taken care of.

Chief Frost has submitted his resignation. The safety committee expressed disappointment—he had been an excellent proponent of safety measures. The committee discussed the need to be diligent in safety practices.

Hayley asked if the shortage of electrical outlets upstairs was a safety issue. Chief Frost has been informed of the issue and has gotten a quote from Pacific Coast Electric to install another box and additional receptacles.

The committee did a walkthrough of the upstairs living area. The damaged trim around the bathroom door needs to be replaced. Also, all items being stored in

the furnace closet need to be removed. There appears to be insulation sticking out from one of the ceiling panels. Also, Jonathan's stuff needs to be removed from the weight room.

Adjourn: Meeting adjourned at 2:20 p.m.

Next meeting: TBA
